1. Refers to funds transfers through the BOJ accounts among financial institutions based on the number of payment orders. Transactions are categorized into (1) funds transfers via the BOJ accounts among financial institutions, including those related to DVP settlement of Japanese Government Securities (JGS) and non-JGS bonds, (2) funds settlement arising from private clearing systems (the bill and check clearing systems, the Domestic Funds Transfer System, the Foreign Exchange Yen Clearing System and the Tokyo International Financial Futures Exchange), and (3) other transactions, such as lending to financial institutions and the receipt and payment of banknotes and coins.
2. Includes both final settlement through the BOJ accounts of financial institutions participating in each system, and the receipt and payment of funds via a “through” account of each system at the BOJ. Therefore, the transaction value for each system is double counted.

2. BOJ Funds Transfers
